Episode in Detroit Believed Sequel of Player's Trouble in New York.

DETROIT, Aug. 12 .- While on the way to the train for New York last night Tyrus Raymond Cobb of the Detroit Tigers was painfully stabbed in the back by one of a party of unknown men, who held up his automobile and drove Mrs. Cobb into a fit of hysterics.

When the men, three in number, ran out in the road in front of the machine Cobb turned off the power and leaped to the ground. He asked the men what they wanted and their reply was a concerted rush at the star baseball player.

One fellow grabbed Cobb by the arm and swung a heavy blow for his head. Cobb knocked him down and then turned this attention to the others, who were punching wildly at the ball player's

Then the ruffian made another slashing swing with the weapon, which struck Cobb didn't run, but stood up and slugged with both fists, also using his boots with much freedom.

Soon a crowd began to collect and Cobb's assailants were driven off. No arrests were possible and Cobb after consulting a doctor found that wound was not serious. JUDGE CHARLTON HERE.

Father of Wife Murderer Arrives in

Advance of Argument. Judge Paul Charlton, father of Porter Charlton, who confessed two years ago to murdering his wife at Lake Como, Italy, came to New York yesterday by the Porto Rican steamship Coamo. Judge Charlton is Federal Judge of the Department of Porto Rico.

is Federal Judge of the Department of Porto Rico.

Porter Charlton's case will be argued before the United States Supreme Court at its October term. He has been in the Hudson county jail, Jersey City, since the latter part of June, 1910, when he was arrested in Hoboken upon landing in this country. He told then how he killed his wife, Mary Scott Castle Charlton, and sank her body in the lake.

The case went to the Supreme Court on an appeal from the Federal Court in New Jersey, which denied a writ of habeas corpus sued out by Judge Charlton. It will be argued that the 1888 treaty between this country and Italy has been nullified through the refusal by the Italian Government to extradite to this country Italians accused of crimes committed here, and that in consequence the United States is not bound to deliver Charlton up to Italy.

There are forty-two new engin houses now under construction in the new and the old parts of the city. Some of them will be completed this fall. When they are ready for occupancy the Commissioner is going to introduce a new feature in the Fire Department. He is going to have three companies in some fire houses.

The automobile engines required are to have a pumping capacity of 850 gallons of water a minute. A first class engine would beat the second class by about 100 gallons a minute.

With yesterday's game the Giants wound up a stretch of home games which loosened their grip on first place appreciably. The Cubs won again and are within 6½ games of the New Yorks. The Giants left last night for Chicago, where they open on Thursday. The Piwhere they open on Thursday. The Giants hoisted one pennant yes terday and receded from another one After joining with the Giants heartily and with every appearance of sincerity unfurling the 1911 insignia of superiority, the Cardinals took sentiment by the nape of the neck, cast her into outer darkness and thumped the Glants full sore. They were as enthusiastic in beating the Glants—8 to 6 was the score—as they were in yanking the rope which raised the long blue bunting to the top

The permant ceremonies occupied a short period of time just prior to the less gladsome ceremonies which removed the Giants a few notches further from the 2 pennant. chances of getting Wingo were slim, Doyle wasn't looking for a throw to his base at all. He wasn't there to take it and the ball went to centre field. Wingo went to third and scored from there on Magee's fly. A hit by Koney brought Huggins home. Playing the game safe would have had Huggins and prevented

scoring.

Filetcher walked in the second half of the second, tallied on McCormick's two bagger and Doyle's hit scored McCormick. The fourth was New York's best inning and they were helped by the ratitled condition of the Cardinals. Mathewson doubled to left, Snodgrass made a fluke infield hit. Wingo stood waiting for the ball to come down and waited until it hit the ground. Doyle filled the bases with a single past Huggins. Becker forced Doyle and Mathewson scored. Murray's single brought in Snodgrass and despatched Becker to third. Becker and Murray did a double steal, but that ended New York's scoring. With a man on

hit.

The Glants didn't have a man on first in the fifth, sixth and seventh innings and none in the eighth until Hauser charitably made a low throw. Fletcher tried hard enough for a hit in the eighth, but was despoiled of a two bagger by Ellis. Ellis ran headlong for the fence, hooked his gloved hand around as he swerved out from the barrier and the ball was lost in the cavernous recesses of his capacious palm.

Echo of Finneran Fracas-Cubs Outfield Bostons and Win.

Boston, Aug. 12.—The Cubs were stronger finishers to-day and pulled out another close hard hitting game, 10 to 7. The Boston infield was a sieve in the ninth, accounting for the three Chicago runs which broke the tie. Hess, who relieved Donnelly, after the Cubs had scored four runs and with three men on base and none out in the third, pitched a heady game, but his fielders beat him. C. Smith was little better than Lavender, whom Boston knocked from the box in the second.

It was announced here to-day that Johnny Evers has been suspended for five days and Zimmerman has been fined \$50 for their alteration with Umpire Finneran Saturday.

The Western National League teams all won yesterday, the only time during the present intersectional series the four Eastern clubs have been beaten on the same day. For some weeks all of the Western teams except the Reds have been mauling the Giants scandalously. The Cardinais have beaten the Poloists five of the last seven games.

The last wallop of the day was delivered by Crandall, the same being a wicked lick which shot off Sallee's glove, but was fielded spryly to first by that willowy artisan of the knoll.

Against Rucker, Babe Adams once a hero of a world's series, pitched championship ball, and with perfect support he easily would have whitewashe the home team.

With two out in Brooklyn's half of the

the pill a terrific belt, and for a moment it looked as if it would sall over the right field fence. Mike Donlin, however, scooted along close to the wooden barrier and reaching up his right hand he caught the ball as it fell just inside the boundary, a play that robbed Daubert of a three bagger and Smith of a run.

Wagner made the first run for the Pirates in the second inning. He walked on four balls and ran all the way home when Jack Miller's fly dropped safely just inside the left field foul line, yielding two bags. Wilson put Miller on third with a well placed sacrifice and Mc-Carthy grounded to Cutshaw. Rucker purposely walked Gibson and then fanned Adams.

BASEBALL PROFITS FOR ALL BIG LEAGUE CLUBS

New York Giants and Boston Red Sox Lead All Rivals in This Respect.

Business at the Turnstiles Not as Great as in 1911. It Is Said.

According to information gleaned from baseball men conversant with the financial status of the various major league clubs, none of the club owners will lose money this year, in point of receipts versus expenses. But it is openly stated that several magnates will find when ac counts are balanced that their profits are much less than they were a year ago. The big money makers in the major leagues are the New York Nationals, Bos ton Red Sox, both Chicago clubs, the Pitts burgs, Washingtons and Athletics. It is estimated that the Giants will yield. nearly \$250,000 in profits, which, in part, will pay for the new Brush Stadium, The Boston Red Sox have done a phenomenal business at home and abroad and may provide a net profit of \$200,000, not including the world's series rakeoff if the team takes part in the big series in Octo-

The Cubs didn't do so well at the outset, but since Chance's men have braced and are regarded as possible winder.

work of the Washingtons will net a sim-llar amount, more than any previous Washington club ever made. The champion Athletics have not drawn money as last year, it is said,

The New York Americans will not show a deficit, but their profits will be less, it is said, than at any time since the club was first placed in this cit. The St. Louis Cardinals will clear, maybe, \$25,000, while the Browns, it is believed, will beat a trifle better than even.

The Boston Nationals, under heavy expense, will not be a losing yenture as pense, will not be a losing venture as far as covering the regular running ex-penses is concerned, but the new owners, it is said, will have to wait until next

it is said, will have to wait until next year before recovering a part of the money already invested.

Were it not for the 50 per cent division of paid admissions at all major clubs would sustain heavy losses. It is admitted that clubs visiting the Polo Grounds, for instance, have received enough money to keep mem on a paying basis. Baseball financiers have figured it out that the Cubs' share of the spoil at the Brush Stadium this year will be at the Brush Stadium this year will be \$30,000 or more. The Pirates' rakeoff will amount to \$25,000, it is said, while the tailend Bostons' bit may exceed \$10.

The same conditions prevail The same conditions prevail in the American League, the games at the Red Sox park in Boston providing enormous hauls for the other clubs. Taken as a whole, it is estimated that if all the major league clubs pooled their profits this year the figures would not equal those of 1911. The National League has suffered more in this respect than Rau Johnson's circuit for the reason that the Giants' runaway race from the beginning of the campaign killed public interest in of the campaign killed public interest in a majority of the cities
